

Virtual Session

2024 GEOHealth Network Meeting Presenter Guidance

Virtual Network Meeting Presentation Content

- Short, succinct research updates
- 8 minutes to present
- Include: general research overview/purpose, research outcomes/valuable findings, challenges you have or are working to overcome, and next steps
- In each session, a discussion period will follow the presentations. Please keep to the time limit to allow ample time for discussion.
- General themes for presentation groupings include:
 - Air Pollution Monitoring and Exposure Assessment
 - Health Effects of Air Pollution
 - Environmental and Occupational Health Research to Action
 - Environmental and Occupational Health - Vulnerability and Adaptation

Early-stage investigators and trainees are encouraged to attend and/or present.

Pre-Meeting Technical Assistance Sessions

Two technical assistance sessions will be provided to test your equipment/software requirements for effectively presenting and sharing your screen during the meeting on May 29th. Please sign up for one of the technical sessions using the links below.

May 20th at 9 a.m. EDT

<https://nih.zoomgov.com/j/1616177698?pwd=RGhnUndGN0dBZHpvUXlYakpJS3JQUT09>

May 23rd at 12p.m. EDT

<https://nih.zoomgov.com/j/1618507359?pwd=bk85ZUVmZ3UxUjEzVHN5aG1NRWZjUT09>

Submitting presentations

Please name your presentation file with your last name and first name (ex: Springsteen, Bruce) and upload it to the meeting folder here: [GEOHealth Virtual Meeting](#)

Please provide your final presentation at the link above by May 25th, close of business.

As you work on your presentation, please keep a few things in mind

- Please prepare to keep within your time limit.
- Animations in presentations generally work fine with Zoom, but please stay away from slide transitions.
- Please add page numbers to your slides to help us stay on the same slide if we are running your slides due to technical issues.

- Do not include unpublished or proprietary information in your slides. Please be aware that there should be no expectation of privacy regarding anything you share in your presentation.
- Please let us know if you plan to show any videos or play anything that requires sound.
